

A helping hand at home

Who is Vista?

Vista (formerly Victorian Person Centred Services) is a non-profit organisation providing one-on-one support services to people across Victoria.

This includes to people who are ageing, people with disabilities, and children.

We have a strong focus on putting the people we support at the centre of planning and services,

We are a partner organisation of the EW Tipping Foundation, which provides shared supported accommodation (group homes), respite facilities and many other services.

The EW Tipping Foundation is named after journalist Bill Tipping, who wrote passionately about social issues including disability.

"I am able to negotiate my service and communication is always open"

Into the real world

Because of illness, Julanne's world had shrunk to her one bedroom unit, with the company of her two beautiful cats Jessie and Fanny.

A few months ago, with the help of a friend, she was referred to Vista Community Support – and she began to live life her way.

Vista staff member Moisei Furman visits Julanne every week, taking her out to go shopping. "He takes me out into the real world!" said Julanne.

It's not just the trips that Julanne appreciates, but also the attitude of Vista staff.

"They are enormously patient and totally capable of seeing if I need anything extra," said Julanne.

"I am able to negotiate my service and communication is always open rather than closed, which is lovely.

"That negotiation with the organisation allows me to be confident – I know I can ring Vista if anything was worrying me."
